

## EARTH EX 2020 in play

EARTH EX is one of the largest cross-sector training and awareness exercises in the world focused on resilience and preparedness. Over 41 countries were represented in EARTH EX 2019. This year's exercise (1 September-31 October) is focused on the Electromagnetic Pulse and Cyber threats to our shared critical infrastructure. The exercise is free, self-facilitated and self-evaluated. There are seven functional areas to choose from, with one specifically for individuals and families suitable for everyone to play. See details [here](#).
